(b), Claimant Michael Potter

Claim number 11911

(c,d,e) description of the basis for claim, reason claim should be disallowed.

WHEREFORE I strongly object to the DELPHI CORPORATION, et al's assertion that my claim is unsubstantiated. The paperwork I submitted [description for basis for claim and documentation (c & d)] is complete, compelling, and clearly defines the legal basis for my claim, showing "DELPHI CORPORATION, et al" fraudulently manipulated, misrepresented, and led the investing public (me) to make decisions about the validity of their stock that would not otherwise have been made. Therefore I feel it appropriate that the claimants relief be 100% (\$8,408) of claim submitted.(e)

FURTHERMORE;

A; I have no other (paperwork) to submit, the documents and evidence initially submitted stand on their own.

B; I Am requesting court or third party review of all documents submitted before they are arbitrarily discarded as unsubstantiated.

C; I Am also respectfully requesting the Court to address the legal basis that would allow a company to move 1) financial assets, 2) technology, 3) manpower, 4) and any other tangible assets out of the country and then separate those assets when filing bankruptcy. Those assets belong to the stockholders for stock valuation purposes.

(a) I had been in contact with "The Delphi Investors hotline" at the time of the bankruptcy and was assured "There is no [North American Operations stock] vs. [Overseas stock], they are inseparable"

D; Due to fact (see "C" above), I Am requesting the Court to mandate that all Delphi's holdings worldwide be included in their net worth in regards to their bankruptcy proceedings.

E; THEREFORE, I respectfully request the Court to enter an order (a) Denying relief requested against Michael Potter and (b) Denying the debtors such other and further relief, as this would be just for Michael Potter.
